UNIMORE
UNIVERSITÀ DEGLI STUDI DI
MODENA E REGGIO EMILIA

VIII Annual Congress Associazione Italiana Gestione dell'Energia Reggio Emilia 9-11 June 2014

Dear all ,

We are delighted to announce the next edition of the 2014 AIGE Congress to be held in Reggio Emilia from 9 to 11 June 2014 .

The conference being organized, will be held at the headquarters of the University of Modena and Reggio Emilia, home of Reggio Emilia.

The conference will host talks and papers on the following topics: sustainability, standardization, processes and human buildings, energy production, energy efficiency in any field, transportation, renewable energy, fossil energy, energy policy, optimization of end uses, future opportunities, smart grids, lifecycle assessment, and so on.

The organizing committee announces that the submission dates were postponed because procedures are currently being defined, for the review of papers to be published on an international journal indexed on: SCOPUS, Google Scholar, DOAJ, OCLC, SCImago, Summon by Serial Solutions.

We expect, like every year, a strong presence.

Antonio Dumas
President of the Organizing Committee
Enrico Lorenzini
AIGE President

Associazione Italiana Gestione dell'Energia

VIII Annual Congress Associazione Italiana Gestione dell'Energia Reggio Emilia 9-11 June 2014

Conference themes:

1. Energy Politics and Society
 - Energy and Society: energy resources, management and prospects;
 - Energy and sustainability: renewable energy, energy recovery and pollution control;
2. Industry and Construction
 - Energy and Industry: energy efficiency in industrial production;
 - Energy and Equipment: innovation in energy production;
3. End Users
 - Energy and Buildings: energy performance of buildings;
 - Energy and Networks: distribution networks and smart grids for final use;
4. Transport
 - Energy and Movement: energy efficiency and the transport sector;
 - Energy and Vehicles: energy innovation in future vehicles;
 - Energy and Flight: energy innovation in future air vehicles;
 - Energy and Public Transport: energy innovation in the field of large-scale transportation;
5. Innovation
 - Energy and Design: design of products and systems for energy efficiency at all levels;
 - Energy and the Future: prospects and applications for the future.

Deadlines of the Congress:

Abstract submission: before February 7, 2014

Notification of abstracts acceptance: before February 28, 2014

Full paper submission: before April 28, 2014

Presentation submission (published on the website): June 6, 2014

Congress languages:

- Italian and English
- For full papers we strongly recommend the use of English, in view of the possible publication of selected papers on an archival journal.
